SKILLS

- **Languages:** Python, C, DBMS, JavaScript
- **Technologies:** HTML, CSS, JavaScript, Canva, Figma
- **Databases/Tools:** MySQL, MongoDB, PostgreSQL, Git, GitHub
- **Soft Skills:** Critical Thinking, Teamwork and collaboration, Leadership, Creativity

PROJECTS

Cybersecurity Awareness- WNS Cares Foundation | [GitHub](#) Jun 2026 - Jul 2026

- Conducted cybersecurity awareness sessions covering phishing, identity theft, cyberbullying, data privacy and safe digital practices.
- Created educational material and explained practical cyber-safety habits to learners.
- **Skills demonstrated:** communication, presentation, leadership, awareness training.

Cybersecurity Threat Detection Using AI | [GitHub](#) Feb 2026 - Apr 2026

- Designed an SRS-level concept for an AI-assisted cybersecurity threat detection system.
- Focused on identifying suspicious activity, defining requirements, system scope, assumptions and data flow.
- **Technologies/Concepts:** Python, AI/ML concepts, cybersecurity, DFD/UML, SRS.

Laser Security System with Automated Human Detection and Alert System | [GitHub](#) Feb 2026 - Apr 2026

- Designed a low-cost security system using **Arduino Uno, laser module, LDR and PIR sensor** to detect and verify unauthorized human intrusion.
- Implemented **dual-sensor verification** to reduce false alarms and integrated **Bluetooth-based real-time alerts** with buzzer and LED indicators.
- **Skills demonstrated:** Arduino, embedded systems, sensor integration, Bluetooth communication, circuit design, problem solving.

Responsive Web Project | [GitHub](#) Aug 2025 - Nov 2026

- Built a responsive website concept using HTML, CSS and JavaScript with client-side form validation.
- Practiced page structure, styling, interactivity and user-friendly design.
- **Tech Stack:** HTML, CSS, JavaScript

CERTIFICATES

- Cybersmart Volunteer | [WNS Cares Foundation](#) Jul 2026
- Data Science and Big Data | [Infosys Springboard](#) Mar 2026
- Introduction to Python | [Infosys Springboard](#) Jan 2026
- Approaching Leadership with Care | [The Open University](#) Sep 2025

ACHIEVEMENTS

- Completed community-focused cybersecurity awareness activity.
- Certified in Python, Data Science, Big Data & Cloud Computing.
- Leadership, communication, presentation and continuous-learning mindset.

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering (AI/ML); **CGPA: 9.64** Aug 2025 - Present

DAV Public School Hazaribagh, Jharkhand
Higher Secondary Education; **Percentage: 96.2%** May 2022 - Mar 2024

Pitts Modern School, Gomia Bokaro, Jharkhand
Secondary Education; **Percentage: 96%** Jun 2021 - Mar 2022
